

Lab technician

Barcelona, Spain (Full-time)

JobID - **LT_2023**

ZYMVOL® is a venture-backed biotech company specialized in the design, development and application of molecular modeling software in the discovery and development of new industrial enzymes.

Until now the company was 100% computational, but we are now launching our own lab facilities to complement our activity.

For this matter, we are looking for a **research scientist** to work on the development and optimization of enzyme production processes.

This position will support the continued development of novel industrial enzymes designed in the company's dry lab for both internal R&D and customer projects.

What you can expect working at ZYMVOL®:

Environment – We are a small but very motivated team. You'll be working in a fast-growing company with great potential to advance personally and professionally.

Attractive economic conditions – Compensation will depend on previous experience but competitive conditions are offered. Medical insurance is included. Permanent term contract upon 6 month trial period.

Equal opportunity employer – All aspects of employment including the decision to hire, promote, discipline, or discharge, will be based on merit, competence, performance, and business needs.

Required Qualifications:

- MSc or PhD in molecular biology, biochemistry, chemistry or a closely related field
- Experience in the production of recombinant proteins: gene cloning and manipulation, mutants construction (site and saturation mutagenesis), microorganisms' cultivation, enzyme activity screenings, protein purification.

- 2+ years of experience with analytical chemistry including HPLC and GC
- Critical thinker and problem-solving skills
- Team player with excellent interpersonal and communication skills
- English proficiency

Responsibilities:

- Independently perform research projects related to enzyme production and setting up reactions and analytics
- Design experiments
- Document your work, write reports and prepare presentations

Application

To apply for this position, please send your CV along with a cover letter to careers@zymvol.com until May 12th 2023. Please include the JOBID **LT_2023** in the subject.
